SUMMARY

Full Stack JavaScript Developer with 1 year of hands-on experience building responsive web applications using the MERN stack. Skilled in React.js, Next.js, Node.js, Express.js, MongoDB, and REST API development. Experienced in developing SaaS platforms, e-commerce applications, authentication systems, and role-based dashboards. Strong understanding of software development best practices, debugging, performance optimization, and scalable application architecture. Passionate about building high-quality products and collaborating within remote agile teams

SKILLS

Frontend

React.js • Next.js • JavaScript (ES6+) • GSAP • ScrollTrigger • Interactive UI Animations • Responsive Design

Backend

Node.js • Express.js • REST API Development • MongoDB • Firebase Authentication

Tools & Technologies

Git • GitHub • GSAP • Figma

UI/UX & Styling

HTML5 • CSS3 • Tailwind CSS • Mobile-First Design • Animation Performance Optimization

Soft Skill

Problem Solving • Communication • Team Collaboration

Core Strengths

Problem Solving • Product Thinking • Fast Learning • Ownership • Clean Code Practices

PROJECTS

1.. Blood Donation Application (SaaS) — MERN Stack Web Platform [live link](#)

- Implemented role-based dashboards for donors, volunteers, and administrators.
- Built secure authentication and authorization using Firebase Authentication.

Technology Used

React • Node.js • Express.js • MongoDB • Firebase

#2 Community Cleanliness & Camp — MERN Web Application [live link](#)

- Developed user authentication system for secure registration and login.
- Implemented event management features for organizing and tracking community campaigns.
- Designed responsive user interfaces optimized for mobile and desktop devices.

Technology Used

React • Node.js • Express.js • MongoDB • Firebase

#3 Volans Clothing — E-commerce Web Application [live link](#)

- Next.js App Router: Modern multi-page architecture.
- NextAuth.js: Robust authentication with Credentials
- Admin Dashboard: Secure product and order management for administrators.

Technology Used

Next.js 15 • JavaScript • MongoDB • NextAuth.js • GSAP • Tailwind CSS

EDUCATION:

Diploma in Computer Science

Kushtia Polytechnic Institute
2024 – Present
